Dear Comrade,

Workshop on Usage of Social Media Platform

Social Media viz., Twitter, Facebook *et al.*, have become an integral part of the society and a gateway to get connected to the world at large, apart from an opportunity for quick dissemination of information. These have become the power tools which can impact and influence the society and also create opinion.

2. In this backdrop, it was decided to revamp our social media wing for dissemination of information as well as highlighting issues confronting the industry, economy and more particularly, the issues pertaining to officers fraternity of the banks, to grab the due attention of all concerned. Towards this, in order to empower the affiliates to make best use of social media, a workshop was organised at Kolkata on 29th July 2019.

3. The programme was inaugurated by the undersigned, in the presence of State Secretary, AIBOC West Bengal, and Jt. General Secretary, AIBOC, Comrade Sanjay Das. Our affiliates, across the country had deputed their best tech-savvy activists to the workshop. The undersigned explained the background for arranging the workshop and its objectives and called upon the participants to make best use of the opportunity and bring in visibility to the concerns, programmes and the issues of the Confederation.

4. Shri Ritobroto Maitra, a young, out of box thinker and Artificial Intelligence engineer, who is also closely and passionately associated with AIBOC, handled the sessions; explained the nitty-gritties of handling social media and imparted technical inputs in effectively utilising social media to propagate our concerns, action programs and developments. All participants appreciated the contents and the way the skills were imparted. Each of them actively participated and many professional-level graphics, relevant to banking and economy, were conceptualised and exhibited in the workshop, which was highly appreciated by Shri Maitra. This brought out the tremendous potential and ability of our participants, which vindicated the decision to organise such a workshop.

5. Following representatives from our affiliates participated in the programme:-
